

## **Policy Note Re Judicial Conference Privacy Policy**

This policy applies to transcripts made available via CM/ECF, WEBPACER, PACER, RACER or a non-court related electronic depository (e.g., Exemplaris). It does not affect in any way the obligation of the court reporter or transcriber, pursuant to Judicial Conference policy, to promptly deliver to the clerk of court the court reporter's or transcriber's original records of a proceeding or the inclusion of a transcript with the records of the court.

If a party desires to respond to a motion for additional redaction, the court may establish a briefing schedule.

Nothing in this policy creates a private right of action.

Nothing in this policy changes any rules or policies with respect to sealing or redaction of court records for any other purpose.

This policy does not affect or limit the right of any party (or any other person or entity) to order production of a transcript on an expedited basis. This policy does not affect any court rules or ruling requiring the sealing of materials or the protection of sealed materials.

Extensions of time to comply with the deadlines set forth in these procedures should not be routinely granted, due to the potential for delay of court of appeals proceedings in the event redaction procedures extend beyond 31 days.
