

Debtors With Confidential Address and/or Other Confidential Information

The Clerk's Office will accept a petition with only a mailing address and not a street address. However, if the mailing address is in a county that conflicts with the county of residence listed on the petition, please call the court (503-326-1500 for Portland; or 541-431-4000 for Eugene) just before you file the case to explain the discrepancy.

Expenses Related to Family Violence Protection:

There is an item on the Means Test forms, B 122A-2 and B 122C-2 regarding expenses related to family violence protection as identified under section 309 of the Family Violence Prevention and Services Act. File any details of expenses related to family violence using the event under the **Miscellaneous** category, **Expenses Re: FVPSA**. This is a private event viewable only by court personnel. Serve the details of expenses related to family violence on the U.S. Trustee, and also on the case trustee in a Chapter 12 or Chapter 13 case.

Other Confidential Information:

If there is confidential information that needs to be included on a schedule or other document, file the case without that document and file a motion and order to file the document under seal. See the Sealed Documents procedures located in the ECF Online Manuals, Motion/Applications section.
