

Requesting Appearance by Telephone

Introduction

This document provides CM/ECF procedures for e-filers making requests to appear at hearings by telephone. It also explains when requests should be made via e-filing and the two different methods of requesting via e-filing.

Hearings for which requesting via e-filing is not appropriate

Chapter 13 confirmation hearings to be heard at 10:00 a.m. by Judge Renn

Requests to appear by telephone for Chapter 13 confirmation hearings set before Judge Renn at 10:00 a.m. should not be made via e-filing because any party may appear by telephone without prior approval.

To appear at these hearings by telephone, simply call (888) 684-8852 and enter access code 3388495 at the time set for the hearing.

Hearings scheduled for the Bend Justice Center

The Bend Justice Center is not equipped to facilitate appearances by telephone. All appearances at this court must be made in person.

Requesting via e-filing

If neither of the above apply, the request may be made through e-filing. E-filed requests are made through one of two methods: application or written motion.

Application

A request via application is a text-only event that does not require the e-filer to prepare or attach a document. Absent notification to the contrary, such requests are granted automatically.

A request may be made via application if the hearing for which the application is being made meets all of the following criteria:

- it is not an evidentiary hearing,
- it is not an initial Chapter 13 confirmation hearing scheduled for Portland,

- it is not a reaffirmation hearing,
- it is scheduled for 3 or more business days from the filing of the request, and
- it is scheduled for a location outside of the metro area in which the party to appear by telephone is located.

Written Motion

If the request does not meet the criteria required for applications listed above, then it must be made via written motion. A motion requesting appearance by telephone and explaining why such an appearance is necessary must be prepared and attached in PDF format.
